"THE POWER BEHIND THE THRONE"

At the Ferriss & Lapham Shoe Store, 148 East Main street, is the same to-day as it was 25 years ago. This power in years past was sufficient to build up and maintain for this house a trade equaled by few and excelled by none in Central Illinois. How was it done? By giving people better shoes for less money than any competitor. How was this possible? By buying more advantageously and selling more goods. The same power which has been so successful in years past is more mighty to-day than in past years. Our watchword is quantity. We are after the volume of the business, not the size of each profit. We have perfect faith that if we sell goods enough, the gross profit will be satisfactory, even though the gain on each article sold be ever so small. Come and see what a small margin of profit we are satisfied with on every article in our stock.

LOCAL AND GENERAL NEWS.

It Was Tough

Springfield *News*. A *News* reporter chanced to see the floor and carpet at Representatives' hall since the Democrats and short hairs have vacated. Cigar stumps, tobacco and tobacco spit, mussed paper, etc. It beats anything for filth and nastiness that has ever been left by anybody of men who held conventions in in this hall. It was a reform gang.

The Wabash Earnings

The gross earning and operating expenses of the Wabash Railroad Company from July 1, 1889, to April 30, 1890, inclusive, being ten months of the fiscal year which ends June 30 1890, were as follows: Gross earnings, $11,438,103, increase, $907,109, operating expenses, $8,117,156, decrease, 22,735, net earnings $3,320,617, increase, $929,844. The fixed charges for the whole year amount to $3,300,000, including interest, takes and rentals. The Wabash Railroad Company has not only paid its fixed charges, up to date but has also paid $105,000, being a dividend of 3 per cent on the debenture "A" preferred bonds, amounting to $3,500,000.

Grant's Rise in Greatness

Depew's Oration. He was at West Point only to be a poor scholar, and had to graduate with little promise and less expectancy from his instructors. In the barter and trade of his western home he was invariably cheated. As a subaltern officer in the Mexican war, which he detested, he simply did his duty, and made no impress upon his companions or superiors. As a wood seller he was beaten by all the wood choppers of Missouri. As a merchant he could not compete with his rivals. As a clerk he was a listless dreamer, and yet the moment supreme command devolved upon him the dross disappeared, dullness and indifference gave away to a clarified intellect, which grasped the situation with the power of inspiration. The larger the field, the greater the peril, the more mighty the results dependent upon the issue, the more superbly he rose to all the requirements of the emergency. From serene heights, unclouded by passion, jealousy or fear, he surveyed the whole boundless field of operations, and with unerring skill forced each part to work in harmony with the general plan. The only commander who never lost a battle, his victories were not luck, but came from genius and pluck.

The citizens of the northwestern part of Morgan county have been greatly wrought up lately over the presence of a strange creature who has a hiding place in the woods in that vicinity. He is either crazy or else is working the dodge with excellent effect for so far he has succeeded in keeping the whole neighborhood in a state of alarm. He prowls about at night for his food, and gets what he wants. His looks are fearful, and so far no one has been brave enough to try to take him.

Ballard's Horehound Syrup.

We guarantee it to be the best Cough Syrup manufactured in the whole world. This is saying a great deal, but it is true. For Consumption, Coughs, Colds, Sore Throat, Sore Chest, Pneumonia, Bronchitis, Asthma, Croup, Whooping Cough, and all diseases of the Throat and Lungs, we positively guarantee Ballard's Horehound Syrup to be without any equal on the whole face of the globe. In support of this statement we refer to every individual who has ever used it, and to every druggist who has ever sold it. Such evidence is indisputable.

A CEDAR FALLS girl, if the word of the Iowa Falls *Citizen* is good, is responsible for the following description of how a goat butted a boy out of the front yard: "He hurled the previous end of his anatomy against the boy's afterwards with an earnestness and velocity which backed by the ponderosity of the goat's avoirdupois imparted a momentum that was not impeded nor relaxed until he landed on the terra firma beyond the pale of the goat's jurisdiction."

THE COUNTY TOWNS.

BLUE MOUND.

Miss Sadie Reemsnyder returned from Decatur Tuesday.

Mrs John Paxton, of Decatur, visited in Blue Mound Tuesday.

Col Reemsnyder, Tom Doran, John Easley and Ed Pramblett went with the Decatur excursionists to Peoria Tuesday.

Christ Zeigler left last Thursday for a two months visit with relatives and friends in Germany.

The ladies of the U B church cleared $25 at their strawberry and ice cream sociable last Thursday evening.

George Gregory, 17 years old, was fined $5.00 for drunkenness last Saturday. George says that he bought the liquor from a man who was peddling it by the bottleful in the country a little south of Blue Mound. He says the man rode a sorrel horse with one white foot and that he had several bottles filled with whisky which he carried in a valise.

At the last meeting of the village board the village constable was instructed to enforce the Sunday ordinance, which has been openly violated for more than a year, and as a result every business house, restaurant and barber shop was closed last Sunday, and peace and order prevailed throughout the village.

Joseph Lamont's bakery and restaurant was closed on the 10th inst by foreclosure of a mortgage in favor of Samuel Martin, Lamont having skipped out two days before. It is thought to evade prosecution for selling intoxicants without license.

The village board by a unanimous vote refused to grant druggist permits at their last meeting, and at their next meeting they will [illegible] passing an ordinance prohibiting the sale of hard cider under severe penalties, the determination being to put a stop to drunkenness in Blue Mound for one year at least.

The funeral of Mrs George Black, who died some time ago, was preached by Rev Dankson at the U B church last Sunday.

Next Sunday is children's day at the Presbyterian church.

Mrs Weatherford, wife of Postmaster Weatherford of Boody, is visiting in Blue Mound to day.

A team of mules belonging to Abner Davidson while on the scales at Newlin's grain office this morning, got frightened at a boy on his bicycle and ran away, going down Main street at a lively rate until just opposite the postoffice they ran into a buggy attached to a team which was hitched to the rack, completely demolishing two wheels of the buggy, besides breaking the tongue. The buggy belonged to a Moweaqua liveryman. The mule team and the wagon to which it was attached were not hurt. X

June 11

TROUTMAN.

The rain last week was just what was needed for the growing crops.

A good many farmers are over their corn the second time, and generally corn is pretty well cleaned and looks well.

Children's day was observed at Sharon last Sunday and a very enjoyable time was had by all present.

A goodly number from this summit visited Barnum's show last Saturday.

Mr and Mrs K W Clark started yesterday in their carriage for a two or three weeks' visit in Morgan county with relatives.

Jerry Miller, of Beardstown, is reported as getting along very well.

Quarterly meeting at Harristown was poorly attended. Postmaster Troutman was the only one present from Sharon.

David Sturgis' house burned down Sunday night. It supposed to have been caused by a lamp explosion. Nothing was saved.

Kena Houck, daughter of [illegible] Houck, has a very sore throat.

John Troutman, of Victor, Kansas, arrived home all right and found all well. Peter Troutman of Victor is now past 74 years of age and has his second eye sight. He goes out in his grove and shoots squirrels about as well as when he was young.

This cool weather is very good for wheat.

Some oats are heading out.

James Constant and Mayor Troutman are mowing the weeds on South Main street.

Weather cool and pleasant.

A Wonder Worker.

Mr Frank Huffman, a young man of Burlington, Ohio, states that he had been under the care of two prominent physicians, and used their treatment until he was able to get around. They pronounced his case Consumption and incurable. He was persuaded to try Dr King's New Discovery for Consumption, Coughs and Colds, at that time was not able to walk across the street without resting. He found, before he had used a half of a dollar bottle, that he was much better, he continued to use it and is to day enjoying good health. If you have any Throat, Lung or Chest trouble try it. We guarantee satisfaction. Trial bottle free at King & Wood's Drugstore.

American Flour in England

The millers of London have for their grists the wheats of the whole world, and they necessarily possess machinery which is capable of taking out all the flour there may be present in wheats of all sizes, colors and textures and yet they are not happy because up to a certain point (that of the London households' flour) Uncle Sam can beat them at value for money. Not only so but the American millers can beat us both above and below that point, in fact can beat the whole world at selling flour as they are doing, only that the American people eat the best and sell the rest, whereas some other exporting countries, Austria Hungary, for example, do just the other thing.—London Agricultural Gazette.

We Are All Millionaires

Teresa H Dean has written a treatise on "How to Be Beautiful," from which one is surprised pleasantly to find that we are all millionaires—in pores. Miss Teresa says that 2,800 pores go to each square inch of skin, and reckoning the number of square inches on a person of ordinary size to be 2,500, the multiplication table tells one that one possesses about 7,000,000 pores. This is an extensive responsibility.—Pall Mall Budget.

Counting a Quorum.

A young man was calling on a congressman's daughter the other evening, when the father appeared at the parlor door. "May I come in?" he asked hesitatingly. "Oh, yes," she answered, "you may, but we have a quorum without you." They didn't.—Washington Star.

Improvement, the Promise of Cure.

No array of words can give a dyspeptic one-half the hope that comes from the relief which always follows the use of Burdock Blood Bitters, and the promise of cure is never broken.

"Having suffered from dyspepsia for two or three years, I decided to try B B B and after taking one bottle I found myself so much better I got another bottle, and after taking that I had no more need of medicine."

"MRS C. C. WHITE, Taberg, N Y."

Don't pay for daily bread and then groan with dyspepsia, when a bottle of B. B. B. will give you relief. Repeated tests with uniform success prove that dyspepsia cannot withstand B. B. B.

"I have taken the second bottle of Burdock's Blood Bitters and it has cured me of dyspepsia, with which I suffered for six years."

Are We Ready?

The Republican State Convention meets in Springfield June 24, just twelve days from now. Before a state convention can be held it is necessary that precinct primaries and county conventions be held. These have been called for this county by the proper authority and will all be held within the next eight days. This admonishes us that the campaign is upon us, and very naturally the question comes up, "Are we ready for action?" The Republican party has been victorious after four years of Democratic rule the Republican party stood up, shook itself and hurled its enemy from power. The victory was complete, embracing the restoration of the House of Representatives to the Republicans. The greatest dangers to a party are its victories. We are by nature prone to lapse into inactivity after the immediate exhilaration of the victory has passed off. On the other hand the vanquished, in case he has not surrendered, at once goes to work to reorganize for the next conflict. To the careful observer such indications are apparent in the ranks of the Democratic party on every hand. Their organizations have been inspected and every piece of machinery of which any possible use can be made has been put in motion and with a zeal born of credulity they think they are ready for the fray. It may be that the Republicans of Macon county are ready for business, but, in the absence of any evidence of that fact we plead justification, in believing that the spell of lethargy, so common to victors, is upon their garments. Within the next twelve days much can be done, much must be done. Every Republican should at once take his armor down and demand that he be placed in line for service. Every Republican should attend his club and be present at the primaries on the 17th and on the 20th every Republican who can find it possible to do so should be in the county convention either as a delegate or as a visitor. That convention under the circumstances should be one of the most enthusiastic ones held in years. There is much to cause a Republican to be enthusiastic and these causes should be crystalized into such ringing resolutions as only a Republican convention can adopt. Four years ago the Democrats had the presidency with forty five majority in Congress. Two years ago they still had the presidency but their majority in Congress had been reduced to seventeen, but in the election of 1888 the enemy was entirely driven from the field in the election of a Republican President and a Republican majority in Congress. No sooner had this been done than the enemy sullenly announced that no legislation antagonistic to their views should be enacted. But the good sound business sense and courage of Tom Reed showed them that the minority was not elected for the purpose of becoming dictators, and through Reed's management the party has become able to put its principles as defined in their platform on the statute book, and not only this, but has also been able to guarantee to a number of Republicans, who were elected to seats in Congress and counted out, their constitutional rights. The Republican party is again in the saddle and the Democrats are on foot. Vigorous and active work on our part will keep them on foot but inactivity only invites defeat. Again the question recurs "Are we ready?"

Still Dissatisfied

It is quite certain that the Democrats of Alabama are not inclined to favor any sort of a Federal election law. At their recent state convention they passed the following resolution:

We hold that any attempt to secure the control of the Federal government in the election of Senators and Representatives in Congress is a usurpation of power not warranted by the Constitution.

From this it is also evident that Alabama Democrats are not familiar with the Constitution, as one of the sections of that instrument reads as follows:

The times, places and manner of holding elections for Senators and Representatives shall be prescribed in each state by the Legislature thereof, but the Congress may at any time by law, make or alter such regulations except as to the places of chosen Senators.

It is barely possible that it is the ignorance of the limitations put upon the states by the Constitution in this matter which troubles the Democrats of Alabama so much as to find some way to avoid having its provisions applied to Alabama. They are probably preparing to appeal to the "higher law" which Alabama's statesmen invoked before the war in support of their theory that capital should own labor both north and south.

Silver Bill Amendments

The Senate Committee on Finance yesterday considered an amendment to the House Silver bill. The provision making the certificates issued in payment of bullion legal tender for public and private debts was stricken out, leaving them receivable for custom taxes and public dues. The bullion redemption clause was stricken out, also the section providing for free coinage of silver, whenever the market price is one dollar for 371¼ grains of pure silver. This act is made to take effect in thirty days after passage, and shall terminate at the expiration of ten years thereafter.

THE benefits of vacation season may be greatly enhanced, if at the same time, the blood is being cleansed and vitalized by the use of Ayer's Sarsaparilla. A good appetite, fresh vigor, and buoyant spirits attend the use of this wonderful medicine.

The Phelps-Tuttle Wedding—Other Recent Marriages.

PHELPS-TUTTLE.

The marriage of Miss Anna E. Tuttle, daughter of Mr. B. B. Tuttle, and Mr. Howard D. Phelps, of Ansonia, Conn., took place this morning at 9:30 o'clock at the home of the bride, 510 East Eldorado street, in the presence of only the relatives and immediate friends of the couple. Rev. M. M. Goodwin, of St. John's Episcopal church, was the officiating clergyman, and the beautiful Episcopal service was observed. The couple departed this noon for Chicago. They will visit Montreal before proceeding to Ansonia, Conn., where the groom is a leading manufacturer. A large party of friends and relatives bade the newly wedded couple farewell at the Union depot, and the REPUBLICAN joins with them in wishing Mr. and Mrs. Phelps Godspeed, long lives and continued happiness.

FOSTER-SCOTT.

The marriage of Mr. Lewis E. Foster and Miss Alverda L. Scott was celebrated at 9 o'clock last night at the family home, No 882 West Wood street, in the presence of the relatives and a few intimate friends. Rev. M. D. Hawes, Methodist presiding elder for the Decatur District, was the officiating clergyman. Mr. Foster is the chief clerk in the office of W. R. Bresie, division Pacific Express Company superintendent, and he is also the popular president of the Calumet Club. His bride is a highly accomplished young lady, a graduate of the Decatur High School and has hosts of friends, who join with the REPUBLICAN in extending congratulations. Mr and Mrs. Foster departed last night for Chicago, where they will go by steamer to Milwaukee. They will be absent about ten days, and on their return will occupy a new cottage at 1355 North Main street, recently erected by the groom.

WALSH-FARNSWORTH.

O. C. Walsh, principal of the public school at Milmine, and Miss Emma Farnsworth, were married by Rev Charles Manchester at Milmine last evening at the Church of God. Miss Mattie Ayres and Miss Anna Kirby, of Oreana, and W. B. Curtis, of Tuscola, and L. A. Gilvere, of Lintner, were the attendants. The couple left on the night train for Michigan. E. E. Walsh, Miss Mary Walsh, Mrs Belle McCool, Mrs Emma Curtis and Mrs. Mollie Peters, of Decatur, were among the guests.

Home From Custer Park

The Decatur fishing party, guests of Mr and Mrs F. W. Greene, of the Wabash, who spent two days at Custer Park, 110 miles away, got home last night, more than delighted with the trip if the weather was slightly against them, causing the water of the Kankakee river to be muddy and not in the best condition for good fishing. The party included Mr. and Mrs B. K. Durfee, Mr and Mrs O. L. Griswold, Mr. and Mrs J. A. Meriweather, Rev. and M. M. Goodwin, Mr and Mrs O. B. Gorin, Mr and Mrs Davis May, Mr. and Mrs F. W. Greene, Miss Maude Burrows and L. J. Burrows. The party was domiciled in style at Knight's Hotel, of which they speak in the highest praise. During the stay somebody conceived the notion of deciding a delicate question and after solemn and serious discussion a secret ballot was taken. It was voted that Mrs C. L. Griswold was the wittiest and handsomest lady in the party. The prize favor was a small turtle neatly encased in an envelope, presented with due formality by Rev. Goodwin. Coming home the party had a feast on the Wabash diner as guests of Mr. Burrows and Miss Burrows. The menu was quite elaborate.

THE Democratic papers are now charging that the material from which the rebel flags exhibited at Richmond at the dedication of the Lee statute was manufactured and came from Ben Butler's bunting factory. That may be true, but the spirit that prompted the transformation of the material into Confederate flags and displayed them on that occasion came from the same factory where treason was hatched in ante-bellum days.

MR STANLEY relates that one day while conversing with a friendly tribe during his recent travels, one of the chiefs inquired how many wives he possessed. Upon Mr Stanley innocently replying that he had none, all those present stood up like one man and unanimously exclaimed "What a splendid liar!" They intensely admired the apparent calmness with which he had, as they thought, tried to pass off on them a wondrous traveler's tale.

THE value of imported goods of all kinds brought into this country is about $700,000,000, while that of our manufactures, ten years ago, was more than $5,000,000,000. Of the $700,000,000 total imports, not to exceed $70,000,000 in value is affected by the McKinley Tariff bill. Yet the importers of this $70,000,000 value are making more noise about the bill than the producers of the $5,000,000,000 in value who are our own capitalists and workingmen.

A BILL to put General Banks on the retired list, with rank of Major General, will shortly be introduced in the Senate. Deafness Can't Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucus lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucus surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for circulars, free.

Many Important Bills Passed by the Senate.

THE SENATE PENSION BILL PASSED

By the House as Amended by the Conference Committee—The Anti-Trust Bill Presented from Conference in the House.

SENATE

WASHINGTON June 11.—The Senate to day passed Senate bill extending the criminal jurisdiction of the circuit and District courts to the great lakes and their connecting waters.

Mr Morrill from the committee on finance, reported back favorably and with sundry amendments the House Silver bill, and gave notice that he would offer it as a substitute for the Senate bill. The Senate Silver bill was then taken up, and Mr Eustis addressed the Senate. He considered that the proposition for free coinage was simply an extension of the existing system of finance. The American people had tried the experiment and were satisfied with it, and they demanded that the experiment should be developed and extended. He divided his consideration of the question into three periods, 1878, when the Bland bill was passed over the President's veto, the period of the Cleveland Administration, when the President was openly and boldly in favor of the demonetization of silver, but which met the opposition of his own party in Congress, and that of the present Administration which had recommended the outlines of Mr Windom's proposition, and had given a half promise that it would communicate further with Congress on the subject—a half promise which had not yet been fulfilled. He declared that Executive pretensions, Executive resistance and Executive obstructions should be overthrown by the popular will represented in Congress.

Mr Turpie next addressed the Senate. He favored the free coinage of silver for two reasons. First because it would increase the currency and second, because it would add greatly to the value of silver, an American product. He was much inclined to favor the plan spoken of by the recent Pan American Congress—an international agreement to coin a dollar that would be a legal tender, and standard of value current in all three Americas, from the line of the British possessions in North America to Cape Horn. He believed the American dollar would in a few years be as current in China and Japan as in the United States. It would even find its way into the Bank of England, into the bank of Amsterdam, and in those countries whose fiscal system now denied currency to silver.

As no other Senator desired to speak today on the question, the Silver bill went over without action until to-morrow.

The following bills were taken from the calendar and passed:

Senate bill for a public building at Racine, Wis., cost not to exceed $100,000.

Senate bill to amend the Revised Statutes so as to make the act of breaking into a post office for the purpose of larceny the crime of burglary, and to increase the maximum of imprisonment from five to ten years.

House bill increasing from $150,000 to $275,000 the limit of cost for the public building at Duluth, Minn.

Senate bill to prohibit monopoly in the transportation of cattle to foreign countries (which was under discussion last Monday) was again taken up and passed without further discussion, Mr Vest having consented to the amendment offered by Mr Hale, inserting the words "Not already contracted for, in good faith, by persons or parties having cattle for transportation at the date of such contract, sufficient to occupy such storage room."

The Senate joint resolution in regard to the export trade in cattle was then taken up and Mr Vest made a statement in explanation and advocacy of it.

Mr Hale remarking that American cattle were not allowed to be imported into Great Britain unless to be slaughtered within ten days, said that that was an interesting fact as showing what free trade in England did in the way of discrimination or prohibition.

Mr Vest explained that the ground on which that exclusion was based was the supposed presence of pleuro pneumonia in American herds, but he said that not a single case of pleuro pneumonia had been found among the exported cattle.

After further discussion the resolution was adopted.

[It requests the President of the United States to cause correspondence and negotiation to be had through the Department of State or otherwise with the authorities of the Kingdom of Great Britain for the purpose of securing the abrogation or modification of the regulations now enforced by said authorities, which require cattle imported into Great Britain from the United States of America to be slaughtered at the port of entry, and prohibiting the same from being carried alive to other places in said Kingdom.]

The Senate bill to provide for the inspection of live cattle and beef products intended for export to foreign countries was then taken up. A substitute for it, reported from the committee on agriculture, was withdrawn and the bill passed.

[It requires the Secretary of Agriculture to cause to be made a careful inspection of all cattle intended for export to foreign countries from the United States at such times and places and in such manner as he may think proper, with a view to ascertaining whether such cattle are free from disease, and for this purpose he may appoint inspectors who shall be authorized to give an official certificate, clearly stating the condition in which such animals are found, and no clearance shall be given any vessel having on board cattle for export to a foreign country, unless the owner or shippers of such cattle have a certificate from the inspector herein authorized to be appointed, stating that said cattle are sound and free from disease. The Secretary of Agriculture is also required to cause to be made a careful inspection of all the live cattle whose meat is intended for export to any foreign country, at such times and places and in such manner as he may think proper, with a view to ascertaining whether said cattle are free from disease and their meat sound and wholesome, and no clearance is to be given to any vessel having on board any beef for exportation to, and sale in a foreign country, from any port of the United States without a certificate from the inspector.]

On motion of Mr Pasco the Senate bill for the protection of settlers who have made homestead or pre-emption entries upon the public lands of the United States in the State of Florida, upon which deposits of phosphate have been discovered since such entries were made, was taken from calendar and passed.

Senate bill for the establishment of a port of delivery at Rock Island, Ill., was taken up and passed.

Mr Spooner offered a resolution (which was agreed to) calling on the Secretary of the Interior for a report of the amount of the claims heretofore presented to the Department on account of Indian depredations (whether such claims have been adjudicated or not).

Mr Allison, from the conference committee on the Pension Appropriation bill, presented a report, and stated that the only point of disagreement was the amendment adopted by the Senate increasing the number of pension agents from eighteen to twenty. A further conference was asked.

The House bill to authorize the Leavenworth & Platte County Bridge Company to substitute a pivot draw bridge over the Missouri river in place of a pontoon bridge, was taken from the calendar, amended and passed.

The Senate then proceeded to the consideration of individual pension bills on the calendar, and passed forty-five of them.

After a secret session the Senate, at 10 p. m., adjourned.

HOUSE.

In the House Mr Mills (Tex.) was appointed a member of the committee on rules, and Mr Turner (Ga.) a member of the committee on ways and means to fill vacancies occasioned by the resignation of Mr Carlisle, of Kentucky.

The conference report on the Senate Dependent Pension bill was presented, and the previous question ordered.

In explanation of the report, Mr Morrill stated that the conference committee had stricken out the dependent feature of the Senate bill and the service feature of the House bill. It would distribute $45,000,000 among the poor soldiers of the Nation.

Mr Yoder (O.) protested against the conference report holding that it ignored the demand of the soldier and buried in the basement of the Capitol his petitions for a per diem rate of pension.

Protests were made on similar grounds by Messrs Springer and Turner, and after further discussion the conference report was agreed to. Yeas, 145, nays, 56. The following is the vote in detail:

Mr Stewart (Vt) presented the conference report on the Senate Anti Trust bill. He said the effect of the report was not, as had been supposed, to repeal the anti pooling provision of the Inter State Commerce law. The explanatory report on the part of the House conferees (Mr Bland dissenting) says: "In the original bill two things were declared illegal viz. Contracts in restraint of Inter State trade or commerce, and the monopolization of such trade. Its only object was the control of the trusts, so called, so far as such combinations, in their relation to Inter State trade, are within the reach of Federal legislation. The House amendment extends the scope of the act to all agreements entered into for the purchase or sale of commodities or in the transportation of persons or property within the jurisdiction of Congress. It declares illegal any agreement for relief from the effects of competition in the two industries of transportation and sale of merchandise however excessive or destructive such competition may be. The amendment reported by the conferees is the Senate clause with the added proviso that the power of the States over the subjects embraced in the act shall not be impaired thereby. It strikes from the House amendment the clause relating to contracts for the purchase or sale of merchandise, and modifies the transportation clause by making unlawful agreements which raise rates above what is just and reasonable."

Mr Anderson (Kan) argued that the bill would virtually have the effect of nullifying the anti pooling feature of the Inter State Commerce law.

The report went over until to-morrow without action, and the House at 4:30 p. m. adjourned.

The General Pension Bill as Amended in Conference.

PASSED BY THE HOUSE YESTERDAY.

Provisions of the Modified Bill—From Thirty-five to One Hundred Million Dollars for Disabled Veterans—Postal Phonography.

The General Pension Bill.

WASHINGTON, June 11.—The general pension bill as agreed upon by the conferees and adopted in the House to-day after providing for the pension of dependent parents, says that all persons who served three months or more in the military or naval service of the United States during the war of the rebellion, and who have been honorably discharged therefrom, and who are now or who may hereafter be suffering from a mental or physical disability of permanent character, not the result of their own vicious habits, which incapacitates them from the performance of manual labor in such a degree as to render them unable to earn a support, shall be placed upon the list of invalid pensioners of the United States and be entitled to receive a pension not to exceed $12 per month and not less than $6 per month, proportioned to their inability to earn a support, such pension to continue during the existence of such disability. Rank in the service shall not be considered in applications filed under this act.

Provision is made for pensioning at the rate of $8 per month widows of men who served ninety days without proving death to have been the result of army service, and likewise granting $2 a month to each child under sixteen years of age.

Ten dollars is fixed as a limit of the fee to be charged by agents in preparing cases under this act. There is no possible way to estimate the cost of the bill. The estimates range from $30,000,000 a year to $100,000,000. Mr. Morrill in the House placed the estimate at about $30,000,000, but it is thought it will run up to at least $60,000,000 the first year.

Phonographs at the Post-Offices.

WASHINGTON, June 12.—The Post-office Department has received notice of an arrangement made by the Mexican Government for placing in all the post-offices of that country phonographs, for the use of the public, the cylinders are to be sent from one point to another in the mails at the same postage as first-class matter, the use of the machine is likely to become general, and it will be utilized by persons who are unable to write. The phonographs are managed by a company who pay a certain proportion of the receipts to the government.

Horribly Burned by an Explosion of Natural Gas.

PITTSBURGH, Pa., June 12.—By an explosion of natural gas which had leaked into the cellar at No. 19 Pike street, Allegheny, yesterday morning, Mrs. Kipp, about seventy years of age, and her grand-daughter Lizzie, sixteen years of age, were so badly burned they died last evening. Mrs Kipp and the girl entered the cellar and struck a match to light a lamp, when the explosion threw them up the stairs. The clothing, hair and in many places flesh were burned from them presenting a horrible sight.

The Graduating Exercises Finished.

WEST POINT, N. Y., June 12.—The graduating exercises were finished yesterday. Only one man in the third class failed. Sixteen failed in the fourth class.

The Secretary of War arrived yesterday and reviewed the cadets. Last evening a farewell speech to the graduates was given Hon. E. E. Hale, of Boston, General Sherman and Secretary Proctor will address the cadets today and the diplomas will be awarded.

Burned to the Water's Edge.

NEW YORK, June 12.—The steamship Hondo, of the Honduras Company, was burned to the water's edge and sunk in the mud at the Atlantic Dock, Brooklyn, last night. The fire was started by the explosion of a lamp in the engine room. Loss on vessel and cargo about $40,000.

Vacated and Dismissed.

SYRACUSE, N. Y., June 12.—Judge Wallace yesterday, on motion of Attorney-General Tabor, vacated and dismissed the writ of habeas corpus in William Kemmler's case.

The Kansas Sugar Association is in session at Hutchinson with a large attendance of delegates and prominent visitors. The opinion of the delegates seems to be that the outlook for the manufacture of sorghum sugar gives greater promise this season than ever before.

GREAT BARGAINS in Chenille and Lace Curtains at Linn & Scruggs. d&w

Mrs. W. H. Musgrove Hurt.

A great enterprise came to grief at Jacksonville yesterday. A jubilee, colossal in its proportions, had been arranged by Professor Harriss, a well-known teacher of choruses. Nearly six hundred singers had been engaged and carefully drilled, and Morgan county and others had been scoured to furnish voices for the day. Several well-known soloists had been brought from Chicago and other places. The programme was scarcely under way when a violent storm suddenly came up and in an instant everything was confusion. The lightning was vivid and the thunder tremendous. In the midst of it the immense tent under which the jubilee was held was blown down, carrying to destruction pianos and organs, and crushing men, women and children together in a heap. It was almost miraculous that no one was killed, but a great many were severely bruised and few escaped without receiving injuries. Among those seriously injured was Mrs. W. H. Musgrove, wife of Rev. Musgrove, who was pastor of Stapp's Chapel three years. Her head is badly bruised.

He Will Not Run.

The Hon. Adlai E. Stevenson at Bloomington yesterday positively declined to accept the nomination for congress, which the Democrats desired to offer him. He says that for private reasons he is obliged to decline the nomination in advance. Adlai has a flat head. He has run for congress in this district and knows that there is no show for him or any other Democrat.

Looking After Facts.

A stranger from Springfield was in Decatur yesterday looking after information in reference to William McWade, who in March last married Mrs. Orchard, dressmaker, remained in the city two months and then skipped out. The lady is in Decatur, following her dress-making occupation. The stranger boldly asserted yesterday that McWade is at Springfield living with a woman, and that he has another wife in Terre Haute. By her matrimonial venture the Decatur wife of McWade is out $110, and the stranger says Billy beat him out of $90, for which alleged betrayal he says he will follow him to Pittsburg. Evidently there are warm times ahead for Billy.

Bad Luck.

The Citizens' electric street railway company had a run of bad luck last evening, caused by the deluge of rain and the fact that one of the guy wires was sprung too near the wire of the Decatur Light Company. The guy wire was burnt through at the corner of East Main and Water, and consequently the conducting wire dropped several feet and broke other guy wires. The company continued to run their cars as fortunately the circuit was not broken by the accident, but passengers had to be transferred at that corner. This morning several hours were consumed in making necessary repairs and the music of the gongs was heard at 9 o'clock. The cars are making regular trips over the line.

The cars on the Decatur Short Line were stopped by the flood of water on East Cerro Gordo street. Why not put in a culvert and let the water run under the track?

GRACIE, the two year-old daughter of Mr. Montgomery, a carpenter at the Union Iron Works, got lost for three hours this morning and was found in King's Orchard, whither she had wandered from 510 East William street.

The Beautiful "Naiad Queen."

The "Naiad Queen" opera season will begin Tuesday evening, June 17th, at the Grand and continue nightly until the 20th, closing with Saturday matinee. The press says:

"Entrancing," "bewildering," "charming," were some of the expressions that greeted the appearance of some of those lovely ballets at the opera house last evening, and truly they were magnificent beyond description. The Naiad Queen presents some of the beauties of stage effect that are seen but once in a life time. Go while you have a chance, and you will thank us as long as you live for our advice.—*Iowa State Reporter, Waterloo, Iowa.*

The opera of the Naiad Queen contains all the elements which make it worthy the patronage of refined and educated people.—*Buchanan County Bulletin, Independence, Iowa.*

The costumes, in brilliance and richness, surpass anything of the kind that have been seen here, and the scenery is gorgeous, being similar to that used in connection with the celebrated opera "Enchantment," in Chicago. Prof. Clark has devoted five years to this department, and has a large amount of capital invested in it.—*Iowa City Republican.*

A CYCLONE swept over DeWitt county about noon yesterday. A school house near Birkbeck was demolished and five children injured, of whom it is feared two will die. At Wapella the Illinois Central depot and Methodist church were wrecked and a man named House living near that town was fatally hurt. In all directions trees and telegraph poles were demolished. A barn on Mrs. Abbott's farm, near Wapella, was demolished and three horses killed. Considerable damage was done at Waynesville and Clinton. The storm moved from the northwest to the southeast in a pathway about half a mile wide.

A Toothsome Gift.

Foreman Thomas Ayers, of the grand jury, attended the Walsh Farnsworth wedding at Mahomet last night, and the jury was remembered through Mrs. E. Farnsworth, mother of the bride, with a large cake, which Foreman Ayers delivered in person. The jury gave the donor a unanimous vote of thanks, and all unite in wishing the fair bride happiness unalloyed through the journey of life.

SOME excitement was aroused this afternoon at the Brown & Weifel saloon by an attempted assault upon the bar tender. The assailants were William Elliott and James Inkesminger, who had been drinking and began to make themselves obnoxious. They singled out the bar tender and were run out of the place. Officer Leech arrested them just as they were leaving the city. Their trial is in progress in Justice Hammer's court.

MIGHT HAVE BEEN WORSE.

Joe S. Starr Meets With a Serious Accident at the Store.

This forenoon at 10 o'clock, Joe S. Starr, the present active manager of the wholesale harness house of J. G. Starr & Sons, met with a serious accident at the store. While thinking about business and with his mind intent on an inquiry he was about to make, he went to the rear of the first floor sample room to call through the hatchway to W. C. Bullard, who was on the second floor. Joe did not notice that the elevator had been drawn up to the second floor and the gate left open. Without realizing his danger Joe walked deliberately off the floor and fell heavily to the basement about nine feet below. He fell upon his right side with his left hand under his body. He did not lose consciousness but he was badly shocked and bruised, particularly about the head, on his side, his arms and hands. His left hand was broken open at the palm and the bones protruded, but fortunately there was no fracture of any bones. Joe was removed to the office of Dr. Cass Chenoweth where he received proper surgical attention, and later he was taken to his home where he will probably remain for a week or ten days. Joe is quite cheerful under his misfortune. He feels very sore but is thankful his injuries are no worse. He was the member of the firm who had the gate put up at the elevator opening and frequently he had warned people to be careful. He thinks it singular that he should be the first to fall through the opening, and so it is. His wife is at Indianapolis on a visit. She will probably shorten her stay and come home. Joe has an accident policy in the United States company and will receive his allowance. This is the second time he has had a pull at the company.

JOHN A. BROWN, acting for Boston parties, offered the Shellabarger Mill and Elevator Co. $210,000 for their entire Decatur plant and their Cerro Gordo elevator. The offer has been refused.

Accidentally Cut.

While Sam Brewster and Joe Bennett were scuffling in front of H. Mueller's manufacturing establishment Sam was accidentally cut on the left hand with a knife which Joe had in his hand, a very dangerous wound being inflicted. It is thought by the physicians that an artery is severed and young Brewster will be laid up several days. It will in all probability learn the boys a lesson which they will not forget for several days to come.

THE CIRCUIT COURT.

Jake Page's Trial Put Off. Motions and Entries.

Very little business was transacted in court this forenoon.

CHANCERY DOCKET.

Laura Huff vs. Chalmers Huff, divorce. Evidence heard and decree granted on the ground of desertion.

PEOPLE'S DOCKET.

Jacob Page, indicted for assault to kill his divorced wife, will not have his trial until the September term.

The County Board.

There was more talk about the new court house, to cost $80,000 to $100,000, but some one suggested that further discussion be dropped until the September meeting. Then it may transpire that the proposition will be submitted to a vote of the people at the November election.

The quarterly report of William Holman, overseer of the poor, showed that there had been an expenditure of $2,226.81. Eight paupers were sent to the poor house and ten had been buried.

Supt. Barber, of the poor farm, reported expenditures for the quarter, $334.59; receipts, $331.59.

The contract for printing the official proceedings of the board was awarded to the REPUBLICAN and *Review*.

The claims presented by the committee on public buildings were paid.

The claims of justices and constables for fees were referred to the committee on miscellaneous claims.

The committee will visit the poor farm this afternoon to look after repairs that are needed.

Macon County Good Templars.

The County Lodge convened this morning at 10 o'clock in the hall of Decatur Lodge, which was redolent with fragrant flowers in profusion tastefully arranged. County Templar D. L. Bunn presided. Representatives were present from Maroa, Forsyth, Faithful, Warrensburg and Decatur lodges. Other delegations will be present this afternoon. Committees were appointed as follows: Credentials—H. L. Kent, W. E. Mann and Miss Clara Schroll. Program—A. F. Smith, Rev. Atkinson and Miss Clara Bixler. State of order—John H. Rainey, chairman. Reports of Lodges were submitted. Forsyth was reported doing good work, had visited every lodge in the county since last quarter and had been visited by most of them. It has 57 members and $76 in treasury.

Faithful Lodge reported a gain of 47, making a membership of 103. Maroa was reported by Rev. W. F. Gibson as having lately doubled in membership. Warrensburg has 82 members, some money in treasury, 50 families represented in the lodge. There were enthusiastic short speeches and stirring songs. This afternoon Rev. Sophie Gibb delivers the address of welcome at 2 o'clock. Response by Rev. Atkinson.

WHEATLAND township will hold a Sunday school convention next Sunday, June 15th, in the M. E. Church at Elwin. On the Sunday following, 22d inst., the convention in Harristown township will be held at the Christian church in Harristown. S. M. Lutz will be chorister at Elwin, and Homer Montgomery will conduct the sining at the latter place. Decatur speakers will attend both conventions.

REPUBLICAN COUNTY CONVENTION.

The Republicans of the several townships of Macon county are requested to select delegates to attend a county convention to be held at the Court House in Decatur, on the

20th day of June, 1890,

for the purpose of selecting ten delegates to each of the following Republican conventions, to-wit:

To the State Convention to be held in Springfield, on the Twenty-fourth day of June.
To the Congressional Convention, to be hereafter called.
To the Representative and Senatorial Convention, to be hereafter called.
And for the purpose of reorganizing the County Central Committee, as well as to transact such other business as may properly come before the convention.

The representation in said convention will be based upon the Republican vote cast for President Harrison in 1888, being one delegate for every fifty or fraction of twenty-five votes or over. Each district or township will be entitled to the following delegates, to-wit:

All Republican voters are earnestly requested to attend their respective primaries in order that a full expression may be had in the selection of delegates. The primaries are urgently requested to see to it that a suitable person is selected at each primary meeting to be presented to the county convention as chairman for their district and representative on the County Republican Central Committee. The new committee will meet immediately after the convention to organize for the campaign.

By order of the County Republican Central Committee. M. F. KANAN, Chairman

JOHN A. BARNES, Secretary.

He Lost the Diamonds.

A leading Detroit business man has given his wife diamonds in eardrops, rings and bracelet amounting to between $5,000 and $6,000. The lady occasionally becomes distrustful of her ability to take care of them and turns them over to her husband's keeping.

He had been carrying them in his vest pocket for three or four days, when one Sunday he wanted his horse in a hurry, and in the absence of his man went out to the barn to hitch it up himself. He pulled off his coat and in the effort of putting on the horse's collar must somehow have turned out the contents of his vest pocket.

At any rate, that night, on retiring, he bethought him of the diamonds, and lo! they were missing. He at once telephoned police headquarters and put forth every effort to find them. A couple of days passed, and no returns coming in, it occurred to him that he might possibly have lost them in the barn. A hunt in the straw on the floor of the stall soon disclosed the white envelope in which the stones had been folded. It was all cut to pieces, showing that it had been ground under the horse's hoofs. After a three hours' search every piece of the jewelry was found, and not one bit injured. The soft straw had protected even the gold from so much as a scratch. It goes without saying, that man was never permitted to carry his wife's jewels again. —Detroit News.

Two Hundred Wounds.

An extraordinary attempt at suicide has been made in Paris. A shoemaker, described as a decent, industrious man, having fallen into misfortunes, and suffering from extreme poverty, decided to take his own life and end the struggle. He took a knife used in his trade and commenced to stab himself in the arms and legs, it is supposed with the idea of opening one of the chief veins, but, finding that the end did not come quickly, he continued with a sort of fury, and had just rolled upon the floor exhausted when a brother, who had been apprehensive of his state, appeared on the scene. The wounded man was conveyed to a hospital, where it was found that he had inflicted on himself two hundred distinct wounds. —Philadelphia Ledger.

FOR CONTEMPT OF COURT.

A Western Judge's Difficulty in Saving a Prisoner from Himself.

The stories of early western judges are almost as numerous and incredible as the bear stories of that part of our country. The following incident, which is vouched for as fact, is of a judge who had a very lofty idea of his own legal capacity and was at the same time anxious to sustain the dignity of his court.

A "shooting case" came before him. There was no direct evidence as to the perpetrator of the murder, but the individual arrested was well known, and, indeed, confessed the deed.

When brought into court the judge cautioned the prisoner not to commit himself; that he must remember his rights as a free citizen, and that, above all things, he must not interrupt the proceedings of the court. After the friendly warning the judge proceeded to state that he, the prisoner, was accused of having, on such a date, shot the deceased.

Upon this the prisoner broke in, "Wal, an' so I did."

The judge was annoyed at the interruption.

"Hold your tongue, sir!" he exclaimed. "Haven't I told you not to commit yourself nor to interrupt me? I shall commit you for contempt of court if you do so again!" he added, sternly.

He then repeated the accusation, upon which the prisoner again broke in:

"I have told ye afore that I killed"——

The judge's indignation was intense at this second interruption, and he demanded: "Mr. Sheriff, what is your evidence?"

"I have nothing but circumstantial evidence, your honor, and the prisoner's own confession."

"Then," said the judge, "I discharge the prisoner on this accusation, but commit him for contempt of court."—Youth's Companion.

Ayer's Hair Vigor

IS the "ideal" Hair-dressing. It restores the color to gray hair; promotes a fresh and vigorous growth; prevents the formation of dandruff; makes the hair soft and silken; and imparts a delicate but lasting perfume.

"Several months ago my hair commenced falling out, and in a few weeks my head was almost bald. I tried many remedies, but they did no good. I finally bought a bottle of Ayer's Hair Vigor, and, after using only a part of the contents, my head was covered with a heavy growth of hair. I recommend your preparation as the best in the world."—T. Munday, Sharon Grove, Ky.

"I have used Ayer's Hair Vigor for a number of years, and it has always given me satisfaction. It is an excellent dressing, prevents the hair from turning gray, insures its vigorous growth, and keeps the scalp white and clean."—Mary A. Jackson, Salem, Mass.

"I have used Ayer's Hair Vigor for promoting the growth of the hair, and think it unequaled. For restoring the hair to its original color, and for a dressing, it cannot be surpassed."—Mrs. Geo. La Fever, Eaton Rapids, Mich.

"Ayer's Hair Vigor is a most excellent preparation for the hair. I speak of it from my own experience. Its use promotes the growth of new hair and makes it glossy and soft. The Vigor is also a cure for dandruff."—J. W. Bowen, Editor "Enquirer," McArthur, Ohio.

"I have used Ayer's Hair Vigor for the past two years, and found it all it is represented to be. It restores the natural color to gray hair, causes the hair to grow freely, and keeps it soft and pliant."—Mrs. M. V. Day, Cohoes, N. Y.

"My father, at about the age of fifty, lost all the hair from the top of his head. After one month's trial of Ayer's Hair Vigor the hair began coming, and, in three months, he had a fine growth of hair of the natural color."—P. J. Cullen, Saratoga Springs, N. Y

Bludbilder AND Blood Renewer.

The new vegetable remedy for the cure of Dyspepsia, Indigestion, Sick and Nervous Headache, Female Weakness, Rheumatism, Catarrh, Dropsy, Scrofula, Pimples and Face Eruptions and Blood, Liver and Kidney diseases. It purifies the blood and through it acts upon all organs and tissues of the body, and strengthens and builds up the system while it eradicates disease. It is the most economical blood purifier and pleasant to take. Price $1; Six bottles $5. J. W. Cole & Co., Rock River Falls, Wis. Sold by Druggists and Dealers in Medicine.

EVERY TWO AND A HALF MINUTES.

The blood makes a circuit of the body every 2½ minutes, delivering nutriment and taking back waste matter to be purified at the liver and kidneys and removed from the body through the bowels and the urinary secretion. Any stoppage or obstruction of this process may produce various forms of disease, such as Dyspepsia, Biliousness, Constipation, Headache, Debility, and bad blood with its multiplied evils (boils, blotches, pimples, sores, eruptions, abscesses and the like). When such obstructions exist as evidenced by the presence of complaints similar to those just mentioned, the best medicine to use is Burdock Blood Bitters, which unlocks the secretions, removing all impure and effete matter through the proper channels. By restoring healthy action of the stomach, liver, kidneys and bowels, B. B. B. renews all impurities of the blood from a common pimple to the worst scrofulous sore.

The "STANDARD" ROTARY SHUTTLE SEWING MACHINE.

BEST ON EARTH.

Finest of the fine, runs one-half faster, one-half easier, and makes one half the noise the old style shuttle machine. The continuous rotary motion is the only true principle for a sewing machine.

The world's oldest veterans in sewing machine invention and manufacturing are at the head of the "STANDARD" Sewing Machine Company. Keep up with the times, and get the best. It will pay you better to buy the "STANDARD" than to receive one of the old style machines as a gift. The rotary principle applied to the sewing machine is as great an improvement as the hand saw is to the old-fashioned jig saw.

Sheriff's Sale.

By virtue of one execution on transcript from J. P.'s docket to me directed and delivered by the Clerk of the circuit court of Macon county, Illinois, in favor of W. F. McLaughlin & Co., against James O. Johnson and John W. Spence, I have levied upon the following described property to wit: Lot six (6), in block one (1), North Addition to the Town, now City of Decatur, taken as property of the said John W. Spence, which I shall sell at public sale at the west door of the court house in the city of Decatur, in Macon county, in said State, on the 6th day of June, A. D. 1890, at the hour of o'clock p. m. of said day, for cash in hand to satisfy said execution.

This 20th day of May, A. D. 1890.
